Participant objectives
After this session, you should be able to:
- Identify major sources of data collected during the Accreditation Process
- Develop an organizational timeline for reaccreditation
- Employ strategies for the reaccreditation process
ACCME’s Self Study Process...

- Reflection and analysis of practices
- Organizational learning and improvement
  - Enables you to assess the extent to which your organization has met its CME Mission (C1, C12).
  - Facilitates an analysis of factors that supported or detracted from your CME mission being met (C11, C12).
  - Extent to which ACCME’s expectations are met
Self Study Report

... an opportunity to describe your organization’s practices with

- Narrative
- Examples

Performance-in-Practice
Think about…

- You spent **months** engaged in a self study process
- You spent **weeks** writing your narrative and carefully choosing examples to illustrate your practices (Self Study Report)

Think about…

- What efforts and resources should you devote to **conducting your** Performance in Practice Review?
  - Selecting and labeling evidence that **demonstrates** compliance
  - Checking for Completeness
  - Identifying areas of improvements (C13-15)
The Interview

- An opportunity to:
  - Discuss your CME Program
  - Clarify practices described and verified
  - Identify additional materials to submit
Accreditation Timeline

Decision Making

• Accreditation Review Committee
  – Integrates data into compliance findings
  – Bases Accreditation Recommendations on findings
• Decision Committee
  – Reviews ARC Recommendations
  – Makes decisions & reports to Board
• ACCME Board of Directors
  – Ratifies actions of DC

Let’s think about

ACCME Accredited Provider
• Achievements
• Performance Gaps
Performance on 2006 Accreditation Criteria
November 2008 and March 2009
