

Steven Parrish is Program Manager for the Veterans Health Administration of the Department of Veterans Affairs. He is responsible for providing policy and guidance on pest management, laundry processing, and textile management for over 1,400 VA sites, including hospitals, clinics, community living centers, and domiciliaries.

Mr. Parrish is a certified pest management professional who certifications cover termite, rodent, bird & vertebrate, structural fumigation, and general pest control.

Prior to joining the VA in 1984, he worked his way up in the pest control industry from route technician to a Regional Manager for Commercial Service for the Delaware-Maryland region.

Mr. Parrish has more than 25 years of pest management experience which is used in striving for a pest free environment for our nation's veterans and their families within VA facilities.
